RUKRA OUTDOOR ANTENNA

This is an outdoor antenna – Vertical Polarisation with wall installation bracket

With this antenna you have a better connection with GSM network than with the regular GSM antennas. It is a perfect solution when the connection to the network is just a little to poor or really no connection.

Dimensions: 380mm x 36mm x 145mm (Inc. Base). Tube dia. 16.5mm
Black ABS Plastic.

Mounting: Wall Mount Bracket

Operating Temp: -40°C to +85°C

Cable Length: 5m RG58 (-0mm, +100mm)

**DURABLE AND
MAINTENANCE FREE**
